

# DARK WEB

SPONSOR

The “Dark Web” is the World Wide Web content that exists on darknets: overlay networks that use the Internet and is only accessible by means of special software, allowing users and website operators to remain anonymous or untraceable.

We all have been increasingly working from home over the past 18 months and online work without appropriate security increases cyber security risks. Apart from work, we all are also heavily dependent on technology in every aspects of our life – which makes us far more vulnerable to cyber-attacks.

Please join the UK (London) Chapter of The Institute Of Chartered Accountants Of India and Francis West, Global Cyber Security Specialist & Renowned Speaker and the CEO of Security Everywhere for a discussion on how to protect yourself & your business from the dangers of “Dark Web” on Thursday 8th July 2021 as below:

**6.45 : Welcome address by Chairperson CA Ajay Kumar**

**6.55 : Speaker introduction by CA Vishal Sodha**

**7:00 PM – 7.30 PM : Presentation by Francis West**

**7.30 PM – 8.00 PM : Q&A**

Please join us on zoom on:  
Details shall be shared with attendees later.

Time: Jul 8, 2021 06:45 PM London

Why to attend the talk:

- What happens if your data ends up on the Dark Web? This presentation will
- take you through journey of the Dark Web and how to limit your exposure
- in future from a business and personal perspective
